# COLLECTION ACADIA

## FABRIC TECHNICAL DATA

Fabric composition: 28% Cotton, 39% Polyester, 33% Acrylic
Material weight: 482 g/m$^2$
Abrasion resistance: 40.000 cycles Martindale
Pilling resistance: 4
Lightfastness: 4

## INSTRUCTIONS FOR CLEANING AND MAINTANANCE

### CHARACTERISTICS:

- Multicolored, textured fabric, nice to touch
- Fancy boucle yarn gives the fabric an original look
- Highly breathable, high comfort of use

### MAINTENANCE:

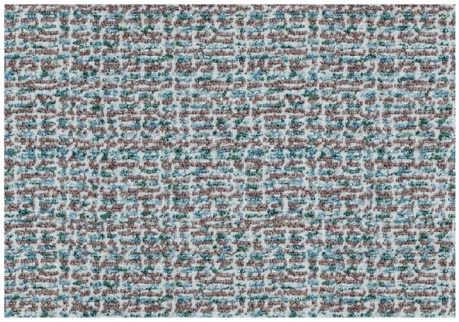

The Acadia fabric requires very careful cleaning. Flicking of the fabric without using a vacuum cleaner or brush is recommended. The fabric does not have a chemical finish protecting it against water absorption and dirt. In case any slight stains appear, wipe the fabric immediately with a dry cloth without rubbing the surface. Not suitable for hand washing.

A thorough cleaning or removing substantial dirt should be entrusted to professional maintenance services companies.

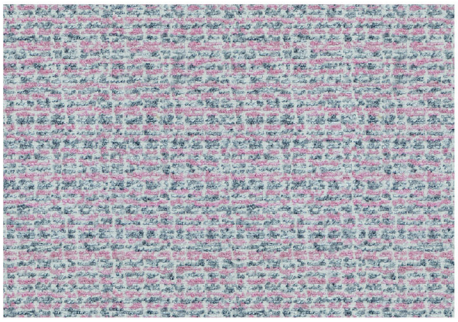

A proper maintenance of the fabric is one of key warranty conditions, any treatments damaging the fabric surface constitute the grounds for the rejection of possible complaints.

Shades of fabric swatches and those of the furniture covering may vary slightly.

# COLLECTION ARANO

## FABRIC TECHNICAL DATA

Composition: 100% Polyester
Material weight: 354 g/m$^2$
Abrasion resistance: 35.000 cycles Martindale
Pilling resistance: 4
Lightfastness: 3-4

## INSTRUCTIONS FOR CLEANING AND MAINTANANCE

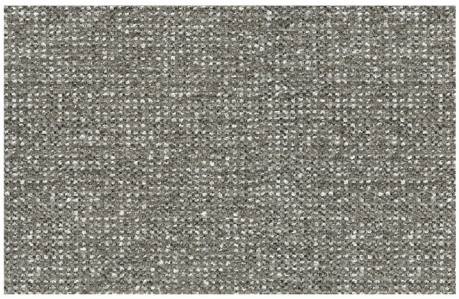

### CHARACTERISTICS:

- Very soft and nice in touch with chenille yarn
- Different shades of yarn and a relief structure
- Highly breathable, high comfort of use

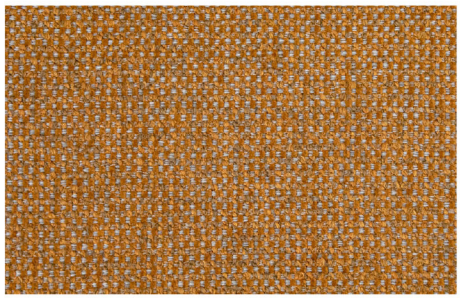

### MAINTENANCE:

The Arano fabric requires careful cleaning. We suggest very gentle cleaning with a soft nozzle. In case of any minor stains, the fabric should be wiped quickly with a dry cloth. Avoid rubbing against a damp surface. The fabric is not washable.
A thorough cleaning or removing substantial dirt should be assigned to professional maintenance services companies.
A proper maintenance of the fabric is one of key warranty conditions; any treatments damaging the fabric surface constitute grounds for the rejection of possible complaints.
Shades of fabric swatches and those of a furniture covering may vary slightly.

# COLLECTION BAMSE

## FABRIC TECHNICAL DATA

Fabric composition: 100% Polyester
Material weight: 450 g/m$^2$
Abrasion resistance: 30.000 cycles Martindale
Pilling resistance: 4-5
Lightfastness: 6

## INSTRUCTIONS FOR CLEANING AND MAINTANANCE

### CHARACTERISTICS:

- Looped knit with a dense texture, reminiscent of a boucle
- One-colored surface, very soft and nice to touch
- Highly breathable, high comfort of use

### MAINTENANCE:

The Bamse fabric requires very careful cleaning. Flicking the fabric or very gentle vacuuming with a soft nozzle is recommended. The fabric has a wet-stain-repellent finish that protects it from water absorption. In case any slight stains appear, wipe the fabric immediately with a dry cloth without rubbing the surface. Not suitable for hand washing.

A thorough cleaning or removing substantial dirt should be entrusted to professional maintenance services companies.

A proper maintenance of the fabric is one of key warranty conditions, any treatments damaging the fabric surface constitute the grounds for the rejection of possible complaints.

# COLLECTION DOLCE

## FABRIC TECHNICAL DATA

Fabric composition: 100% Polyester
Material weight: 410 g/m2
Abrasion resistance: 80.000 cycles Martindale
Pilling resistance: 5
Lightfastness: 4-5

## INSTRUCTIONS FOR CLEANING AND MAINTANANCE

### CHARACTERISTICS:

- Very soft velvet, nice to touch
- Elegant material with a velvety, gently shading texture
- Perfectly matches stylish and modern furniture
- Highly breathable, high comfort of use

### MAINTENANCE:

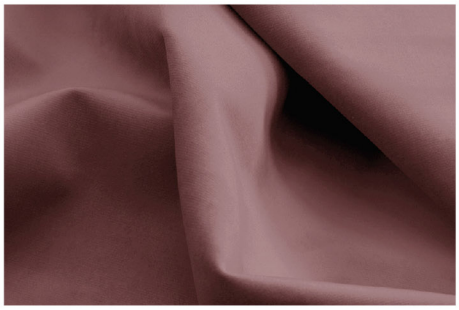

During use the fibers on the fabric surface can stack in different directions what triggers shading effect. We recommend gentle cleaning with a soft brush, always following the original direction of the fiber. The fabric is not washable. In case of wet stains, remove the dirt quickly with a dry cloth and allow the fabric to dry. While drying take care that the fibers cover is arranged in the right direction. Do not rub the fabric!

A thorough cleaning or removing substantial dirt should be entrusted to professional maintenance services companies.

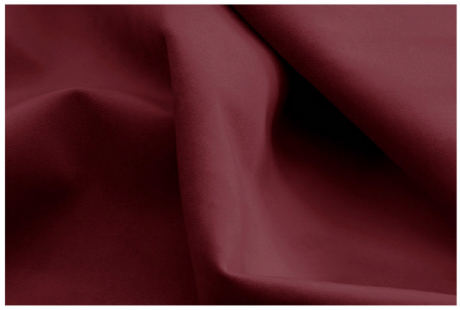

A proper maintenance of the fabric is one of key warranty conditions; any treatments damaging the fabric surface constitute grounds for the rejection of possible complaints.

Shades of fabric swatches and those of the furniture covering may vary slightly.

# FABRIC TECHNICAL DATA

Fabric composition: 100% Polyester
Material weight: 450 g/m$^2$
Abrasion resistance: 100.000 cycles Martindale
Pilling resistance: 5
Lightfastness: 4-5

# INSTRUCTIONS FOR CLEANING AND MAINTANANCE

## CHARACTERISTICS:

- Textured fabric, nice to touch
- Fancy boucle yarn gives the fabric an original look
- Highly breathable, high comfort of use

## MAINTENANCE:

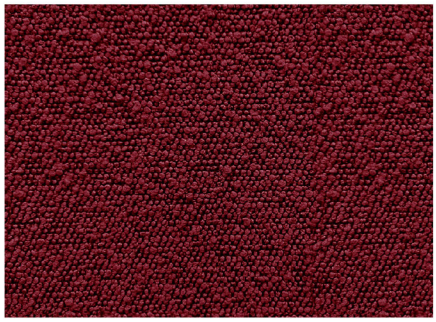

The Venus fabric requires careful cleaning. Flicking the fabric or very gentle vacuuming with a soft nozzle is recommended. The fabric does not have a chemical finish protecting it against water absorption and dirt. In case any slight stains appear, wipe the fabric immediately with a dry cloth without rubbing the surface. The fabric is not machine washable.

A thorough cleaning or removing substantial dirt should be entrusted to professional maintenance services companies.

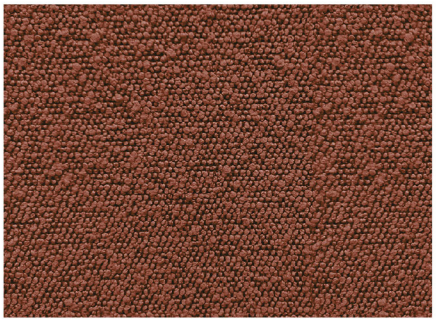

A proper maintenance of the fabric is one of key warranty conditions, any treatments damaging the fabric surface constitute grounds for the rejection of possible complaints.

Shades of fabric swatches and those of the furniture covering may vary slightly.
